AMF-BRUNS CASSETTE LIFT K70

The ultra-slim AMF-Bruns cassette lift for the side loading door

The automatic roll-off safety barrier and the generous platform provide additional security.

The ultra-slim cassette lift K70 now offers even more ground clearance as the previous model.

THESE FACTS MAKE ALL THE DIFFERENCE

- » SWL 300 kg, complies with EN 1756, II
- » Ultra-slim design (70 mm) guarantees ultimate ground clearance
- » New illuminated controls, waterproof and shockproof (!)
- » Automatic roll-off safety barrier operates on uneven roads and snow, too!
- » Vehicle interior remains unchanged
- » Original step is retained
- » Powerful, quiet action ensures smooth operation of the lifting platform
- » Totally enclosed stainless steel box provides protection for the lift system even in extreme weather conditions
- » Large lifting platform, suitable for large electric wheelchairs
- » No changes to the car body necessary
- » Original tank is replaced by an AMF-Bruns tank (installation only possible on vehicles with diesel engine)
- » Manual emergency operation
- » EMC tested according to EU regulations

TECHNICAL DATA

- | | | | |
|------------------|-----------------------|-----------------------|--------------------------------------------------------------------------------------------------|
| » Hight | 70 mm | » Deploying / stowing | Approx. 12 sec. |
| » Load capacity | 300 kg | » Control | By push buttons |
| » Platform size | Approx. 760 x 1200 mm | » Power | Lifting and lowering electro-hydraulic 12 V; deploying and stowing driven by 12 V electric motor |
| » Unladen weight | Approx. 170 kg | » Optional | Bluetooth remote control including app operation (iOS, Android) |
| » Lifting | Approx. 7 sec. | | |
| » Lowering | Approx. 7 sec. | | |

AMF-BRUNS HAVE BEEN PROVIDING MAXIMUM SAFETY RIGHT FROM THE BEGINNING

- » Safety barrier ensures feet cannot be trapped in mechanism when lifting platform
- » Fully automatic roll-off safety barrier
- » Two warning lights flash automatically when platform is deployed, and give warnings in poor visibility
- » Safety switches ensure lift cannot be operated when door is closed
